## CD Label Designer 4.6.14 Crack+ Product Key

CD Label Designer is an advanced software tool that enables you to create CD jewel cases and DVD box labels, as well as booklets and business card disk labels. The interface may seem a bit complicated at the first glance, but CD Label Designer lends a hand to rookies by offering them a configuration wizard to set up a new project. It's thus enough to pick the drive containing the CD you wish to use for a new project, decide whether you want to edit the front, inside, the back, booklet or the DVD box and start the designing process per se. Besides the fact that CD Label Designer has multiple skins available, the application also boasts a comprehensive help menu to guide users throughout the whole experience. The application enables you to insert pictures, shapes, text and circled text in any new project, with tons of customization options, so you can change colors, fonts, dimensions and alignment. Plus, there's a "Label properties" dialog for every new project, which allows you to modify width and height for every single front and back label, DVD box or business card disk label. You can create columns, set new backgrounds, lock objects and add custom fields, but a real interesting feature is the one that automatically scans the disk and creates a file and folder list to be added to the label. This tool indexes the entire content of the disk and creates a detailed list, with specific information for audio files such as MP3 and WMA. All things considered, CD Label Designer is one of the best tools of its kind, as it offers virtually all the features you need to create a new CD label. Burn Label Maker is an easy to use and great value CD label, Booklet and DVD label software to burn quickly and painlessly and create amazing CD and DVD labels. The program works with CD, CD-R, CD-RW, DVD and DVD-R, DVD-RW, DVD-RAM discs, and the files are created at the most high quality, and the finished products look great. A very useful tool for the discerning or business user. Burn Label Maker has a tried and true easy to use interface that is easy on the eyes and the programmers, without complex features or options that the average computer user cannot use effectively. It also has the ability to "re-use" existing images to increase your label customisation options. Burn Label Maker Description: Easy CD and DVD label software that automatically detects and burns the best quality possible! The
